Keywords	<span>PHP</span> <span>PYTHON</span> <span>DJANGO</span> <span>JAVASCRIPT</span> <span>JQUERY</span> <span>CSS</span> <span>HTML</span> <span>LINUX</span>

**Date** April 2009 - March 2012

**Company name** Multimedia Polska

**Company website** <https://www.multimedia.pl>

**Position** IT Helpdesk Consultant

**Responsibilities** I was working as a Helpdesk consultant, helping customers from all over Poland to solve problems with the Internet (DSL, WiFi, WIMAX, Cable), Television (Analog, IPTV, DTV, VOD) and Telco (Analog, VoIP, Mobile). Using various IT tools I was able to read data from devices and networks, diagnose, help with problems and report them to the relevant departments.

**Date** January 2006 - March 2012

**Team size** 1 - 2

**Position** Freelancer

**Responsibilities** I was creating simple websites and CMS systems for small businesses. I was also responsible for the entire infrastructure for those systems like VPS management, DSN configuration, backups, security, etc.
